The State of California’s goals for public education are embedded in the Local Control Funding Formula and Local Control Accountability Plan, adopted in 2013-14. San Luis Coastal Unified School District, in 2011, adopted its own Initiatives for Student Success. We support the State’s goals by drawing annual focus areas from these initiatives:

2019-2020:

FOCUS AREA 1: All students will achieve substantial academic gains through rigorous, relevant, and engaging instruction and curriculum.

FOCUS AREA 2: All LCAP identified student groups will achieve substantial academic gains through a multi-tiered system of support.

FOCUS AREA 3: SLCUSD will create an intentional culture of care that includes a focus on student social-emotional wellness and parent connectedness.

FOCUS AREA 4: SLCUSD will expand technology and promote innovation to prepare students for college or career.

FOCUS AREA 5: SLCUSD will strengthen data use to improve academic achievement.

I. Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

II. About Pacheco Elementary School

School Description and Mission Statement

Pacheco Elementary has a two-way immersion program in which students are learning the California Content Standards in two languages - English and Spanish. Students at Pacheco come from diverse cultural, social, and economic backgrounds. With an attendance area that spans the whole district, Pacheco has students that come from many different neighborhoods and living situations. Pacheco serves the largest population of English Learner (EL) students in the district, comprising 43% of our current enrollment. More than 50% of the students receive free or reduced lunch, so the school qualifies for status as a Title I School-wide Program.

The Pacheco school community is committed to preparing our students for success in the 21st century. We expect the highest level of academic achievement in all areas. We teach skills which allow all students the opportunity to realize their full intellectual, physical, creative, emotional, and social potential. We take the responsibility for creating an environment in which all students in our culturally and socioeconomically diverse population can be successful learners.

Opportunities for Parental Involvement

Pacheco offers multiple opportunities for parents to become involved in their children's education. These include hundreds of hours each year logged as classroom and library volunteers. Pacheco has an extremely active PTA that provides a variety of school/community and fund raising events that have included Salsa Night, Walkathon, Carnival, Health Fair, and the Día del Niño. Parents are also recruited to chaperone on field trips and extended study trips. The English Learners Advisory Council also works closely with the PTA to provide the aforementioned events. For further information regarding opportunities for parental involvement, call the principal, Chris Jones, at 805-596-4081.

III. School Climate

School Safety Plan

Pacheco's Emergency Plan includes the following components: dangerous campus intrusion ("lock down procedures"), Nuclear Emergency Response, earthquakes, bomb threats, chemical accidents, and explosions. The plan was last updated in July 2019 and reviewed with staff in October 2019, immediately following the first drill of the year.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

IV. School Facilities

Facility Conditions and Planned Improvements

The District extends great efforts to maintain the schools in a manner that ensures that they are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <http://www.slcsd.org/fmp/index.html>. Elementary and middle school planned improvements include accessibility upgrades, campus-wide painting projects, fire alarms, and parking lot paving.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

Age of School Buildings

Pacheco School has 26 classrooms, a multipurpose room, a library and an office. The main campus was built in 1949; additions were constructed in 1953, 1961, 1972 and 1998.

Maintenance and Repair

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan is available at the Buildings, Grounds and Transportation office.

School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

IX. Student Performance

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes -- appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Professional Development

The district funds a development program using federal Title I Professional Development funds, Title II Teacher Quality funds, Title III Limited-English-Proficient funds, district funds, and site monies. All staff members have access to the comprehensive Professional Development Calendar that is developed annually.

The district's focus for staff development has been concentrated in the areas of Common Core State Standards, assessment, writing, mathematics, reading and mathematics interventions, Career Technical Education support for high quality classroom instruction and the Next Generation Science Standards. Although most of our students are achieving at high levels, some of our student populations are not. This data has provided the impetus for our District Initiatives and staff development.

Various methods of support are provided to assist teachers with the implementation of professional development goals, including the following:

- Weekly collaboration time for all teachers;
- Release time using substitutes;
- Student performance data reports available in illuminate;
- Assistance from EL Specialists and outside consultants.

Professional development days are scheduled annually to provide training on specific curricular areas, and/or assessment.

The School Accountability Report Card (SARC), required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about this school, parents and community members should contact the school principal or the district office.
